

Banking advantages for your employees.

You can't always pay them more, but you can help them spend less. Simply introduce your employees to F&M Bank's Perks @Work program. It extends great savings to them just because they work for you! It's a free, easy way for you to increase their job satisfaction without putting a dent in your payroll.

How the program works.

We'll do the heavy lifting, all you need to do is name the time and place. One of our knowledgeable bankers will meet with your interested employees to explain the advantages of banking with F&M Bank, and help them get signed up.

What's in it for you?

- Add a new employee benefit at no cost or effort
- Increase employee satisfaction
- Encourage increased participation in payroll direct deposit (if offered)
- First order of 50 checks is free for business owners
- Ensure the most secure destruction of your personal documents with free shred services*

Secure Document Destruction

Protect your personal and customer information by taking advantage of our partnership with Shred-it.

- Simply, pick the date and time that works best for your business, and an F&M Bank representative will work with Shred-it to schedule a one-time yearly offsite shred.
- Shred-it will stop by your business on the date/time selected and collect all material in a locked, 96 gallon roll out. The bins will be secured on a BABACO alarm system enabled truck that is GPS tracked at all times.
- All material will be taken back to the Shred-it facility in Waynesboro and destroyed in the secure plant.

Ready to get started with Perks @Work?

Contact us at an F&M Bank branch near you!

* Shred Services cap at \$200 (equivalent to approximately 40 bankers boxes of shred). Limited to one shred per year.
